Life in the Universe: Planets, Weather and the Future

Çalışma Kâğıdı · 30 Soru · Kolaydan Zora

Ad Soyad _____ Sınıf / No _____ Tarih _____

KONU ÖZETİ

- **Gezegenler (Güneş'e yakından uzağa):** Mercury, Venus, Earth, Mars, Jupiter, Saturn, Uranus, Neptune. Jupiter en büyük gezegendir; Mars "Red Planet" olarak bilinir; Saturn halkalarıyla tanınır. Kelimeler: Sun, Moon, orbit (yörünge), atmosphere, distance (uzaklık), far / close, bright (parlak), visible (görünür).
- **Aşırı hava olayları:** storm (fırtına), thunder (gök gürültüsü), lightning (şimşek), blizzard (kar fırtınası), flood (sel), drought (kuraklık), hurricane / tornado (kasırga / hortum), freezing (dondurucu).
- **be going to:** Plan ve niyet: I **am going to** visit the planetarium tomorrow. Şu anki bir kanıta dayalı tahmin: Look at those black clouds! It **is going to** rain. Olumsuz: isn't / aren't going to. Soru: **Are** you **going to** ...?
- **will / won't (tahmin):** Gelecekle ilgili düşünce ve tahminler: I think people **will** live on Mars. Robots **won't** do everything. Soru: **Will** cars fly? – Yes, they will. / No, they won't. (will'den sonra fiil yalın: will live)
- **Question tags (gelecek):** You're going to join the club, **aren't you?** It will be sunny, **won't it?** It won't rain, **will it?**

KOLAY Isınma Soruları (1–10)

1 Match the words with their Turkish meanings.
1) thunder 2) lightning 3) flood 4) drought 5) blizzard
a) sel b) kuraklık c) gök gürültüsü d) kar fırtınası e) şimşek

2 Put the planets in order from the Sun (closest first).
Mars – Mercury – Earth – Venus

3 Complete with **be going to**.
a) I ..... (visit) the planetarium tomorrow.
b) She ..... (study) astronomy at university.
c) They ..... (not / watch) the film tonight.

4 Write predictions with **will** (✓) or **won't** (✗).
a) people / live on Mars (✓)
b) we / use paper books (✗)
c) cars / fly (✓)

5 Choose the correct option.
"Look at those black clouds! It ..... rain."
A) is going to B) goes to C) going D) went

6 Match the descriptions with the planets.
1) the biggest planet 2) the Red Planet
3) the planet with beautiful rings 4) the closest planet to the Sun
a) Mercury b) Saturn c) Mars d) Jupiter

7 Complete the question tags.
a) You're going to join the science club, ...?
b) It will be sunny tomorrow, ...?

8 Choose the correct word.
"The Moon goes around the Earth. This path is called an ..... ."
A) storm B) atmosphere C) orbit D) expert

9 Rewrite the sentence.
"Robots will teach in schools."
a) Negative: .....
b) Question: .....

10 "What are you going to do this weekend?" Which answer is correct?

A) I will be twelve.
B) I visited the science museum.
C) Yes, I am.
D) I'm going to visit the science museum.

ORTA Pekiştirme Soruları (11–20)

11 Look at the table (approximate diameters) and answer the questions.
a) Which planet in the table is the smallest?
b) Is Venus bigger than Earth?
c) Which planet is the fourth from the Sun?

Planet	Order from the Sun	Diameter (km)
Mercury	1	4,879
Venus	2	12,104
Earth	3	12,742
Mars	4	6,779
Jupiter	5	139,820

12 Look at the weather forecast and answer the questions.
a) What will the weather be like on Tuesday?
b) Will it be cold on Wednesday?
c) Which day will be the warmest?

Day	Weather	Temperature
Monday	stormy	12 °C
Tuesday	sunny	18 °C
Wednesday	snowy	-3 °C
Thursday	rainy	9 °C

13 Complete the dialogue.
Noah: What are your plans for the summer?
Maya: .....

A) I attended a space camp.
B) I'm going to attend a space camp.
C) It will rain a lot.
D) Yes, I'm going.

14 Find and correct the mistake in each sentence.
a) I am going visit my grandma.
b) In the future, people will lives on the Moon.
c) It won't rain tomorrow, won't it?

15 Put the dialogue in the correct order.
a) I'm going to be an astronaut.
b) What are you going to be in the future?
c) Really? Where will you go?
d) I think I'll go to Mars!

16 Are these sentences **plans** or **predictions**? Write P (plan) or PR (prediction).
a) We are going to visit the planetarium on Friday.
b) Maybe robots will cook our meals one day.
c) I'm going to study harder next year.
d) I think the weather will be hotter in the future.

17 Read the text and answer the questions.
"Life in 2080: Experts think the world's population will be bigger. Cities will be very crowded, so people will live in tall "green" buildings with gardens on every floor. Most cars won't use petrol. They will use clean energy from the Sun and the wind. Some people think we will have flying taxis, but others say they will be too expensive for most people."
a) Why will people live in tall buildings?
b) What energy will most cars use?
c) Do all people agree about flying taxis? Explain.

18 Choose the correct word.
"There is no rain for many months and the land is very dry. This is a ..... ."

A) flood B) drought C) blizzard D) thunder

19 Make questions with **be going to**.
a) you / watch / the eclipse
b) what / Mia / do / tomorrow

20 Choose the correct question tag.
"Your sister is going to study engineering, ...?"

A) won't she B) is she C) isn't she D) doesn't she

ZOR Düşünme Soruları (21–30)

21 Read Iris's email.

Hi Ada,
Guess what? My parents are going to send me to a space camp this summer! The camp is going to start on 3 July and it's going to last for ten days. We are going to learn about the planets and build small rockets. On the last night, we're going to watch the stars with a big telescope. The experts say the sky will be very clear because the camp is far from the city lights. I think it will be the best summer of my life! But I'm a bit worried: I won't know anyone there. You're going to visit your grandparents in July, aren't you? Write soon!
Iris

What is the email mainly about?

A) Iris's plans for a space camp
B) Iris's holiday with her grandparents
C) a new telescope in Iris's school
D) a trip to the city centre

22 Look at the email in Question 21. Write **T** (true) or **F** (false).
(...) The camp is going to last for two weeks.
(...) The campers are going to build small rockets.
(...) Iris knows many people at the camp.

23 Look at the email in Question 21 and answer the questions.
a) When is the camp going to start?
b) Why will the sky be very clear?
c) Why is Iris a bit worried?

24 Which sentence from the email in Question 21 is a **prediction**?

A) My parents are going to send me to a space camp.
B) The camp is going to start on 3 July.
C) We are going to build small rockets.
D) I think it will be the best summer of my life!

25 There are **four** mistakes in the text. Find and correct them.
"Next year I going to learn about the planets. I think I will to love it. Scientists say people will lives on Mars one day. It will be amazing, isn't it?"

26 Oscar wants to watch the stars. He needs a **clear** sky and he doesn't want a freezing night (below 0 °C). Look at the night forecast. Which night is the best for him? Explain.

Night	Sky	Temperature
Monday	cloudy	10 °C
Tuesday	clear	-4 °C
Wednesday	clear	6 °C
Thursday	stormy	8 °C

27 Write **T** (true) or **F** (false). Use the planet order in the summary.
(…) Jupiter is bigger than Earth.
(…) Mars is closer to the Sun than Venus.
(…) Neptune is the farthest planet from the Sun.

28 Complete the dialogue with question tags.
Eren: You're going to watch the meteor shower tonight, (1) …… ……?
Ayla: Yes! It won't be cloudy, (2) …… ……?
Eren: No, the forecast says the sky will be clear.
Ayla: Great! You'll bring your telescope, (3) …… ……?

29 Complete the text with **be going to** (plans) or **will** (predictions).
"Our class has got tickets for the observatory. We (1) …… (visit) it next Friday. My teacher thinks we (2) …… (see) Saturn's rings through the big telescope. I'm sure it (3) …… (be) amazing! We (4) …… (not / take) the school bus, because the observatory is near our school."

30 Write a short paragraph (5–6 sentences): "Life on Earth in 2080". Use **will / won't** for predictions and one sentence with **be going to** about your own plans.
